

Lease-End Pre-Inspection Condition Report

For customer service, please call 1-800-286-0653

Thank you for your business. In an effort to help you make an informed decision regarding your leased vehicle, we are furnishing this pre-inspection condition report as a preliminary estimate of any physical damage excess wear and use charges that may become owed under your agreement. **This report is NOT a final bill and does not include excess mileage charges.** If an amount is owed, we will send a final billing statement within 60 days after your leased vehicle is turned-in.

If you have any repairs performed before the vehicle is returned, please keep copies of all receipts for those repairs and contact LFS at 1-800-286-0653 to request an additional inspection take place once the vehicle is returned if you choose to return your vehicle.

Your pre-inspection experience is important to us. You may receive some follow-up asking for your feedback. Please tell us what you think!
